### ***Note regarding Parking:***

When you drive up Research drive, you will see a sign for visitor parking that brings you to the right around a park-like area. Follow the signs to the Visitor Parking spots at the top lot, closest to our building. Be sure not to park in the "Reserved" or Handicap spots. If for some reason all the Visitor spots are full, you can park at the Beechwood Hotel on the corner of Plantation Street and Research Drive which is a stone's throw from us. There is no need for a parking permit at either location. If in doubt, please consult security at the front desk.
